Profile

I'm a passionate web developer with a passion for creating visually appealing and user-friendly websites. I have a strong foundation in HTML, CSS, and JavaScript, along with experience in responsive design and cross-browser compatibility. With a keen eye for detail and a focus on delivering high-quality code, I strive to bring innovative and engaging digital experiences to life.

Skills

Front-End Web Development

Proficiency in HTML, CSS, and JavaScript, with the ability to create responsive and user-friendly web interfaces.

UI/UX Design

Understanding of user-centered design principles, wireframing, prototyping, and creating visually appealing and intuitive user interfaces.

Node.js

Basic knowledge of server-side JavaScript using Node.js, including setting up server environments, handling requests, and working with databases.

Version Control

Experience using Git or other version control systems to track changes, collaborate with others, and manage code repositories.

Education

Higher Secondary Certificate (HSC) [+2], Prativa Secondary School

12/2021

Completed the Higher Secondary Certificate (HSC) program at Prativa Secondary School in 2021. The program provided a comprehensive education, including a strong foundation in various subjects. Throughout my time at Prativa Secondary School, I developed essential academic skills, cultivated a strong work ethic, and honed my ability to effectively manage time and meet deadlines.

Pokhara, Nepal

Bachelor of Information Technology (BIT) - Present,

Pokhara, Nepal

Informatics College Pokhara

Currently pursuing a Bachelor of Information Technology (BIT) degree at Informatics College Pokhara. The program focuses on developing a strong foundation in various areas of IT, including programming, database management, networking, and web development.
